Graduate Technical Sales Coordinator

Description

This business supplies a range of high-quality specialist technical items to business from a range of industry sectors, across the World through offshore subsidiaries. They are looking for a graduate with a Mechanical Engineering background who looking to start a career in a commercial environment.

It's a great opportunity to develop a career in a fast-growing global manufacturing company within the processing industry. You will have the opportunity to work in a wide range of areas within the business, and will be able to use your technical skills to develop strong knowledge of the products and their use.

The main focus will be to provide technical and sales support to offshore subsidiaries. You will be the main communication channel between head office and the sales subsidiaries. This will involve handling projects from the initial quote right through to delivering the product to the end customer.

You will also have the opportunity to assist with customer material trials, new product testing, and new business development initiatives.

You should be competent in understanding engineering drawings, happy speaking with people, and have a good knowledge of Microsoft Excel.

In addition to basic salary of £21,000 a bonus is available. Bonus is based on a percentage of company profit- so it's something that you and other staff can directly have an impact on. The amount is not guaranteed, but has been over 50% of salary – so you could be earning £30,000.

Location is near to Heathrow, commutable from Feltham, Slough, south-west London, Woking, and Epsom.

Only candidates who are eligible to work in the UK without any restriction can be considered.
